Dear Parents/Carers

### **Year 6 SATs information session**

We would like to invite you to a SATs information session on Friday 5 April at 9.00am in the school hall.

During this session we will explore what we are doing to help your children as well as explaining what you can do at home to support your child. This will include looking at example questions from all the papers. Exploring the methods and calculations we use to solve SATs questions, along with how you can support your child before the tests.

Yours faithfully

Mrs N Chung  
Principal
