

Nursery Learning Journey

Week beginning 15th October 2018

Next week our theme will be:

Physical Development

We will be exploring different ways to move our bodies, such as dancing to music, running, jumping, hopping, skipping, climbing on apparatus and throwing and catching balls.

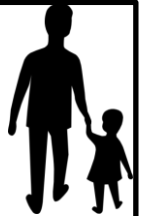

We will also be keeping our fingers busy by doing jigsaws, threading, mark-making, modelling clay, cutting and sticking and lots of other fun activities.

Please remember:

To bring in your completed Golden Tickets so that we can put them up on the wall display to share with your friends.

Home Challenge:

Can you challenge your family to do your favourite activity with you, such as dancing, running, jumping, rolling, skipping?

Learning game of the week:

See: <https://www.youtube.com/watch?v=lob3Q7TKmQQ>

Can you play a game of 'Simon Says' with your family?

Say "Simon says jump up and down" – Everyone does.

Say "Simon says clap your hands" – Everyone does.

Say "Spin round in a circle" – Nobody to do. If you do this action you are out of the game.

Say "Simon says sit on the floor" – Everyone does.

Repeat with lots of different ideas, get people out of the game by not saying "Simon says" first.

Can you?

Can you draw a picture or get your family to take a photo of you doing your favourite physical activity?
