

Year R Learning Journey

Week beginning: 15th October 2018

Next week our topic will be:

Elmer

This week we will be reading 'Elmer the patchwork elephant'. We will be talking about colours and during our special jobs time we will be making our own patchwork elephants using different materials.

In maths we will be learning about patterns where we will look at repeating patterns, patterns of colour and patterns of shape.

Please remember:

To ensure there are no sweets, nuts or fizzy drinks in your child's packed lunch. We have some severe allergies in our school so are completely nut free.

Words of this week:

a is on

Sounds of this week:

Home Challenge

We will be learning all about Elmer and would like to make a class collage of our very own Elmer. Can you decorate the patch attached to this Learning Journey and then bring it in on Monday morning to add to our very own Elmer display?

How you can help at home:

- ✓ Talk to your child about the story we are going to be learning about next week. Here is a link to watch it:

<https://www.youtube.com/watch?v=BSo9fQmpZs0>

You could also play one of these shape games together:

<https://www.babytv.com/learning-center-shapes.aspx>

- ✓ Continue to practise key words with your child every day. Knowing these words will help your child to read more fluently. You could play a game by spreading out the flashcards we have sent home on the floor and taking turns to throw a small object onto a card. To win the card your child has to say the word that is written on it.

Golden Tickets

These tickets give you the opportunity to celebrate with us what your child can do at home.

Can you share your home challenge with us on the golden ticket?

For example:

Billy came home and told me that the TV was a square because it has 4 sides that were the same.

On the way to the park Jamila told me that the roof on the building was a triangle shape. She also told me that a triangle has 3 sides.
