

Year R Learning Journey

Week beginning: 17th June 2019

Next week our topic will be:

Space & Robots

In Special jobs this week we will be designing and making our own planets using Papier-Mache. We will be thinking about what we would like our planet to look like and if it looks like any real planets.

In Writing Rally we will be looking at the book, 'Whatever Next' and will be learning about space through that. We will be looking at all the different planets and labelling them then writing descriptions.

Maths this week is all about time. We will be reminding ourselves about how to tell the time and then we will be drawing the time. After that we will problem solve using time.

Please remember:

To name your child's jumper or cardigan.
We are still having a lot of jumpers going missing.

Words of this week:

house push there

Sounds of this week:

ck er

Every Child a Talker

Vocabulary of the week:

How you can help at home:

- ✓ Please make sure you try and read every day.
- ✓ Can you go to the library and find some information books about space or robots?
- ✓ When they are making their robot can you talk to them about the shapes they are using and their properties?
- ✓ Can you help your child count back from 20?

Home Challenge

Can you make your own robot using junk modelling? Talk to your grown up about the 3D shapes you are using whilst making it.
