

Year R Learning Journey

Week beginning: 24th September 2018

Next week our topic will be:

Marvellous Me

In our special jobs session this week we will be talking about the parts of our bodies. We will be thinking about how we are all similar and what makes us different. In maths we will be learning about lots of different 2D shapes. We will be looking at the shapes in our environment and will be going on shape hunts around the school. This week we will be learning new sounds in our phonics sessions. Can you help your child spot these sounds in their environment?

Please remember:

To bring in PE kit for the Tuesday PE session. Make sure it is in a named bag and all the clothes are named too.

Words of this week:

the and I

Sounds of this week:

i n d m

How you can help at home:

- ✓ Practise name writing with your child.
- ✓ Help your child recognise their own name at home.
- ✓ Please read with your child as much as possible. Talk about the front cover first; what do the children think the story might be about? Then talk about the pictures before you read the words. What can you see? What do they think might happen next?
- ✓ When you are walking to school, can you practise counting to 10? Can you practise counting to 20?

Home Challenge

Can you look for all the different shapes you can see in your home? You could draw and label them so you can share what shapes you found with your friends at school.
