

Year R Learning Journey

Week beginning: 30th September 2019

Next week our topic will be: **The Rainbow Fish**

This week we will be reading 'The Rainbow Fish'. We will be talking about colours and during discovery time and learning how to mix colours.

In maths we will be continuing to learn numbers and how to count. We will learn how to represent the number using objects.

Please remember:

To ensure there are no sweets, nuts or fizzy drinks in your child's packed lunch. We have some severe allergies in our school so are completely nut free.

Home Challenge

We would like you to talk about where you live with your child. It would be really lovely if you could bring in a representation of your house. This could be a drawing, collage, model or a painting.

How you can help at home:

- ✓ Talk to your child about the story we are going to be learning about next week. Here is a link to watch it:

<https://www.youtube.com/watch?v=BSo9fQmpZs0>

You could also play one of these shape games together:

<https://www.babytv.com/learning-center-shapes.aspx>

- ✓ Continue to practise key words with your child every day. Knowing these words will help your child to read more fluently. You could play a game by spreading out the flashcards we have sent home on the floor and taking turns to throw a small object onto a card. To win the card your child has to say the word that is written on it.

Golden Tickets

These tickets give you the opportunity to celebrate with us what your child can do at home.

Can you share your home challenge with us on the golden ticket?

For example:

Billy is excited about coming to school. He talks about what he is going to play when he gets to school and the friends he will play with.

Jamila has been talking about the sounds she can hear in the environment. She told me she could hear the wind, the cars and the leaves on the floor.
