How can you help your child at home?

Below are some suggested activities you may like to try with your child.

How to be an author

Research animal facts. Can you draw and label an animal?

Read with your child regularly. Can they read the sounds they have been learning?
Help your child understand the purpose and importance of instructions.

How to be a scientist

Discuss with your child how the seasons are changing? How can we tell it is Autumn?

Using your animal research- play guess the animal. How are the animals different?

Ways to support your child:

Make sure you attend school daily and punctually.

Read together daily and practise phonics.

Support your child to complete their weekly homework.

Talk to your child about what they have been learning about in school.
